

ASSISTANT ALARM

SIGNS YOU'VE MISSED THE MARK WITH YOUR HIRE

Communication Issues

- Frequent misunderstandings
- Lack of timely feedback or slow response time
- Conversations often become tense or emotional
- Plans are frequently changed without clear communication

Lack Of Initiative

- Waits to be told what to do instead of taking proactive steps
- Missed opportunities to improve or make suggestions
- Fails to follow through without constant reminders
- Relies heavily on others to make decisions or provide direction

Culturally Misaligned

- Differences in how conflict is perceived and resolved
- Values, work style, or behavior clash with the company culture
- Limited engagement beyond work requirements
- Lack of accountability

Repeated Issues

- Frequently fails to collaborate effectively with team members
- Consistently produces work that is below expected standards
- Needing constant check-ins, unable to make decisions
- Can't own mistakes or take constructive criticism

“When entrepreneurs are coupled with the right people, we can change the world.”

— Richard Branson
